

Curfews cost money

But not at Greenham.

10% weight loss during extended curfew.

Recent media reports confirm what we already know - cattle lose up to 10% of their weight during extended saleyard curfews. That's a lot of money out of farmers' pockets.

But not at Greenham! We'll weigh your cattle straight from the paddock and pay you full weight on the spot. And there's no deductions.

Why would you sell anywhere else? Take your cattle to one of our 18 buying centres. Or easier still - call **Peter Shellie** on **0428 579 087** and he'll arrange an on farm pickup.

Don't get caught by curfews, call Greenham now.

**H.W. GREENHAM
& SONS PTY. LTD**

No fees, no costs, no worries at Greenham - Just 18 buying centres and the best prices.
